Awareness for Life

A workshop with Uranio Paes

THE WAY OF THE ARROWS

Engaging the Enneagram's Power and Momentum

Due to demand this workshop will be presented on two occasions

- **14, 15, 16** (Tuesday to Thursday) **June 2016**, Sydney, Australia
- **23, 24, 25** (Thursday to Saturday) **June 2016**, Sydney Australia

For the first time presenting in Australia, leading-edge Brazilian Enneagram expert Uranio Paes is presenting Enneagram workshops next year in June 2016. A world leader in innovative Enneagram work and keynote speaker at the major international Enneagram conferences this year, Uranio is turning heads across the globe. Now, you can discover him here in Sydney.

This is an exceptional opportunity to experience Uranio's unique and highly experiential approach to Enneagram work, grounded in Wisdom Tradition and fortified with intellectual rigour.

'The Way of the Arrows' is a three-day workshop being presented at The Loft Five Dock, a special space positioned within a tranquil, manicured garden. Non-residential, it runs with evening sessions included, over a three day period.

Is it for me? If you are prepared for profound personal work you'll find this workshop a rare treat. We will be an intimate group of no more than 25, skillfully held and facilitated. Uranio will work with each in turn, within the circle of the group's attention, drawing on the Enneagram's innate momentum, symbolic and systemic power. The overall experience is transformational for all attendees.

"Uranio Paes' energy work is truly amazing! Using the Enneagram as a sacred carpet, Uranio combines his own intuitive gifts with a deep study of the Enneagram as a map of spiritual development to create profound energetic shifts for the participants. Uranio helps people heal their deepest wounds and opens the door to liberation from automatic habits. He is doing the most powerful work connected to the Enneagram I have ever seen!"

**Beatrice Chestnut, author of
"The Complete Enneagram"**

Workshop fee \$880.00 + GST (Total \$968.00) includes all main meals and refreshments. Once your application is accepted, a deposit of \$400.00 secures your place, with the balance of \$568.00 due by 30th May 2016.

Don't miss out! Uranio's English-speaking workshops are few and far between. As word spreads, demand is growing, while group size is genuinely limited. His 2016 Dublin and London workshops sold out in less than 3 weeks, with others left disappointed.

Bio

Uranio Paes is internationally recognised as a leading Enneagram facilitator and organisational consultant who works in personal, spiritual and corporate settings. A former President of the International Enneagram Association, he was much in demand this summer as keynote speaker at the major Enneagram Conferences: a reflection of his growing international profile. Within the 'Enneagram of Personality' context Uranio leads the Enneagram Worldwide Narrative Tradition professional training (EPTP) Programme in Brazil, Spain and Portugal. Increasingly he offers his own brand of energy-based workshops: as the word spreads, he's ever more in demand.

THE WAY OF THE ARROWS

Engaging the Enneagram's Power and Momentum

What past participants have said about 'The Way of the Arrows' workshop in 2015

"This workshop really brought home to me that the Enneagram is about motion and transformation rather than stasis and typing. An immersive journey which took me out of my mind and allowed me to experience the energetic nature of transformation through the wisdom of the Enneagram Mandala."

"A very powerful experiential workshop: a safe space within which everyone who wanted went to the heart of one of their type patterns and worked with it from their heart and gut, not just from their head. Facilitated with utmost authenticity and care by Uranio - I'd definitely recommend it to Enneagrammers"

"A must for those who wish to deepen their understanding of the profundity of the model. Uranio is a true master."
